Shelf life is guaranteed for three years from the date of production if the product is stored in the unopened original container between 15°C - 30°C, protected from light. Because this material is sensitive to oxidation, it is saturated with nitrogen and sealed with nitrogen atmosphere for protection. If containers are opened for sampling, be sure to refill the atmosphere with nitrogen. Containers that have been opened should be tested at least yearly to ensure potency. Although Maison Sereine Co. LLC DBA Essence et Sérénité and its associated partners believe the above information to be accurate based on the information available to Maison Sereine Co. LLC and its associated partners, it is the responsibility of the customer and user of the material to perform its own investigation and due diligence prior to use to verify that the product purchased from Maison Sereine Co. LLC meets their quality requirements and is appropriate for the use to which the product is to be put. The information provided above shall be considered effective only for the lot with which the information is being provided. Use and purchase of this material is subject to Maison Sereine Co.
